## Casket Works Issue 31 - Wild Wierd West

It's been another incredible year!

In Summer of 2012 we ran our first Kickstarter - an amazing success that reached #3 on the list all-time most funded Kickstarter Projects. That of course has since fallen to #7 all-time, but it was still quite the achievement! Throughout Spring and Summer of 2013 we fulfilled the over 17,000 rewards for that project, and in the Fall of 2013, we Launched our Second Kickstarter, with rewards due to ship fall/winter of 2014!

The second Kickstarter ended at #7 on the all-time most funded projects list, although it is currently at #9. Still an amazing feat - we continue to be the only company to have 2 top-ten projects! I can tell you, it has been an amazing ride!

What's more, the Bones miniatures from the first Kickstarter have been incredibly popular, and sales are still going strong now, over 6 months after fulfillment ended! We're very excited about what the product from the second kickstarter will allow us to do for the line, the innovations we have worked to bring to our plastic figures that aren't possible in our traditional metal figures, and the new range of flexibility and inspiration the new projects have given us!

Don't worry - we're not stopping our metal product lines! Warlord, Chronoscope, Dark Heaven Legends, and our Licensed Pathfinder and Savage Worlds lines are as popular as ever! What we've been able to achieve, together with you, our fans, over the last two years has pushed our sculptors to new heights, and we have some incredible new things on the horizon!

And we're going to be taking advantage of the opportunities afforded to us by the new materials, ideas, and tools to come up with some exciting new things over the coming months and years, most of which we can't talk about just yet, but there's an excitement around the shop about some of these incredible new ideas. Some of them might crop up in our next issue, so stay tuned!

Reaper Miniatures is here for people who love gaming. Our catalog is aimed at those with a love of miniatures, and a passion for gaming. Our goal is to stroke our egos, and at the same time be innovative in the gaming industry. We love to have fun, create new things, push ourselves, make great figures, and embarrass other companies with how well we do what we do!

Twenty years ago, you could go into a gaming store with a couple of bills and come out with a handful of minis. Not so much today. But today's quality is far superior to those figures of the past. Reaper's Bones meet that sweet spot where low price intersects with incredible detail. All the fiddly bits you love to paint are there at prices that will astound you.
